Dear Mr. O'Daniel:

Re: Milford Dist. System 33-23

This letter is to acknowledge that we did receive the two Water Meter Option Forms for the Pitot tube service. Will you please let us know by return mail, if you currently have two wells, which will need the Pitot tube service. We have the location for Well #123 and will need the location of a second well.

Thank you very much.

Sincerely,

John S. Larsen
